Available:
Now

Product Specification

Specifically designed for the Mitsubishi Fuso Canter range as a full bumper replacement, the latest model of SmartBar's Vehicle Frontal Protection System (VFPS) complements the design and shape of the vehicle, maintains most factory accessories and all the while provides unparalleled safety.

Designed to suit a number of model variants (see matrix overleaf for model and date range), the SmartBar is engineered to be the lightest and safest VFPS available; offering even more protection and safety for Fuso Canter owners and importantly, pedestrians.

SmartBar, a lighter, safer, and greener alternative to impact resistant bull and nudge bars.

Protection & Styling Characteristics:

- Meets full Australian Standard AS 4876.1-2002. Including 3.2 Road User Protection
- Weight savings provide improved fuel economy and reduced tyre, suspension and brake wear when compared to other alternatives
- Total bar and bracket weight of **42kg**
- Air Bag Compatible
- Bumper replacement, easily fitted
- Superior frontal protection, due to the impact absorbing hollow construction
- Supplied with durable, clear lens Indicator/Parker lights
- Optional LED Indicator/Parker light upgrade available
- Does not accept original vehicle fog lamps
- Supplied with 2 x aerial bracket
- Supplied with spot light bracket
- UV stabilised polymer for durability and corrosion resistance
- Styled to maintain the Vehicle's aesthetic
- Proudly designed and manufactured in Australia
- Minimal maintenance
- Minimal repair costs after impact
- Manufactured from environmentally friendly, recyclable polyethylene polymer
- Available in Black as standard, other colours available for large order quantities
- SmartBar is tested to ensure a HIC (Head Injury Criteria) figure below the Australian Standard rating of 1500, as to provide pedestrians with a higher probability of surviving a low speed impact
