LEGEND

1. Vehicle Details

Make, model, series and year of applicable vehicle.

2. SmartBar Listing

The first listing's are to indicate the SmartBar options available for the vehicle; generally listed in sequence "non-winch", "winch" and then any other variants of the SmartBar product.

3. Accessory Listing

Protocol is that the accessory listing will always follow on from the SmartBar Listing; these will detail all the lights/indicators and any other additional components that are either supplied with the bar, or are required/optional for additional purchase.

4. Code

Identified the unique code for the respective SmartBar product (Part Number, Accessory Kit Number, Light Part Number etc).

5. Description

Details pertinent to the Part or Kit Number. Used to describe fitment/compatibility issues for the SmartBar products. Essential to understand the bar compatibility for the vehicle variants and any notes regarding accessories.

6. RRP Column

Recommended Retail Price Including GST for the component.

7. Estimated Fitted Time Column

Estimated time required to fit the SmartBar, accessory kits etc.

8. Supplied Accessory/Component/Kit Column

Filled with "X" in column when the component listed is supplied as standard with the bar, included in the RRP. In the example the Indicator/Parker Kit is supplied with the bar.

9. Required Accessory/Component/Kit Column

Filled with "X" in column when the component is **required** to be purchased in addition to the bar at an additional cost. In the example the Parking Sensor Kit, Winch Adaptive Cruise Kit and Zeon Control Box Mount Kit are required (subject to footnotes) to be purchased along with the bar.

10. Optional Accessory/Component/Kit Column

Filled with "X" in column when the component is an **optional** extra that can be purchased in addition to the bar at an additional cost. In the example the DRL is an optional extra for the bar.

11. Made to Order

A note "***MADE TO ORDER***" will appear here if the bar is made to order, please enquire for lead time.

12. Light Identification Underline and Hyperlink

Part or Kit number for Light also features link through to details

DEAR VALUED CUSTOMERS

This price book covers the vehicles for which we supply a range of SmartBar manufactured products which includes our bull bars. It should be considered a replacement for all previous versions of SmartBar price lists.

We are continually sourcing and designing new products to add to our range, so if your vehicle or a particular accessory is not listed here please enquire with one of our sales staff... we may have just what you're after.

Due to the complex nature of this price and application list, inevitably human errors will occur, therefore we reserve the right to correct any genuine errors, application errors and related issues. We will always be fair and reasonable if this results in a problem. SmartBar also reserves the right to change prices without notification.

VEHICLE COMPATIBILITY

Please note that information contained in this guide is based on manufacturers' specifications at the time of print. Changes to vehicles or products may occur after this time that may render a certain accessory unsuitable for a particular application.

Vehicle model dates contained in this guide are indicative, so please exercise caution when ordering accessories if your vehicle's build date falls close to a model change date. If in doubt, please consult your SmartBar distributor, who can assist with determining the correct products for a particular vehicle.

The products detailed in this guide are fully compatible with air bag systems (when fitted), unless otherwise stated. For information on the technology behind our products, and how air bag compatibility is achieved please contact the SmartBar technical team.

REMOVAL OF PARTS FROM YOUR VEHICLE

Please note that in some cases, it may be necessary to remove parts from your vehicle in order to carry out the fitment of replacement parts and accessories.

In most cases, removal of these parts unavoidably destroys them and renders them unsuitable for re-use.

MADE TO ORDER

Please be aware that in some cases, products are not held in stock and are strictly made to order. These products are identified with ****MADE TO ORDER**** in the price list; for accurate and current lead times in the event of an order, please contact SmartBar direct.

FREIGHT CHARGES

Prices shown in this book do not include any allowance for the cost of freight. In some states, territories and rural areas some additional freight costs can be expected.

GST

Prices shown in this book are inclusive of GST.

FITTING TIME & CHARGES

Prices listed in this book do not include to the cost of fitment to the vehicle, it is advised to speak to your local supplier regarding expected charges. The fitting time of the bars and their accessories have been listed as a guide, but please note that the figures are based on the time required for an experienced installer. First time installers should allow extra time.

In addition, the fitment and wiring of any light accessories may incur additional costs. All wiring should be completed by a qualified auto electrician. SmartBar bears no responsibility for any electrical failure caused by the incorrect fitment of the lamps or any electrical components.

BLACK ONLY PRICING

Please note that all prices shown on SmartBar bull bars are for BLACK ONLY. Additional charges apply for alternative colours.

PAINTING/COLOUR CODING SMARTBAR

We are often asked if it is possible, and how to paint the SmartBar product to color code to a vehicle. Please note, we do not recommend painting our product.

Painting a bar is done at your own risk and SmartBar accepts no responsibility for problems occurring as a result.

THREADED FITTINGS IMPORTANT NOTICE

SmartBar recommends the use of anti-seize on all threaded fittings

CAUTION: A torque specification of 28Nm (M10) or 55Nm (M12) is required for the bolts into the brass nutserts. These must not be over tightened.

ADDITIONAL PURCHASING NOTES

Ensure all components, as listed in the bill of materials on the back page, are received prior to commencing the fitment. Please retain all hardware until fit-up is complete.

Fitting instructions are supplied with each SmartBar. Please take the time to read the instructions thoroughly before proceeding with fitment.

SMARTBAR PRODUCT

All listings are for SpartanBar unless otherwise specified.

TERMS AND CONDITIONS OF SALES OF ALL PRODUCTS AND SERVICES

All purchases of Goods or Services from SmartBar on and from 1 September 2017 are subject to these terms and conditions.

1. DEFINITIONS

These words have the following meanings in these terms and conditions:

- Customer means the entity or person purchasing the Goods.
- Goods means all vehicle accessories and associated products sold by SmartBar, including catalogues, brochures and drawings
- SB and/or SmartBar means trading as SmartBar ARB Corporation Limited ABN 31 006 708 756
- Order means an order for Goods or services made in accordance with clause 2.1
- Customisation includes colour coding.

2. ORDERING GOODS

2.1 SmartBar may issue quotations for Goods or services from time to time or otherwise offer Goods for sale. A contract is formed for the supply of Goods and/or services between SmartBar and the Customer when SmartBar issues an invoice to the Customer or otherwise notifies the Customer in writing that it accepts a request to purchase Goods. Accepted requests to purchase Goods or services comprise Orders.

2.2 These terms and conditions apply to all Orders and take precedence over any prior representations, terms or conditions. Customers should ensure that Orders contain the correct SmartBar product or part number and description and the Customer should use such number and description when describing Goods.

2.3 Orders may only be varied or cancelled by the agreement of the parties evidenced in writing. Orders cannot be varied or cancelled after manufacturing of any made-to-order Goods or Customisation of any Goods has commenced.

3. PRICE

3.1 Prices for Goods may vary from those quoted. Prices are fixed on the date of acceptance of the Order. Prices are GST inclusive.

3.2 The cost of delivery of Goods will be borne by the Customer.

4. TERMS OF PAYMENT

4.1 Payment for all Goods and services supplied by SmartBar to Customers holding a valid debtor's account is due 30 days from the end of the month in which the invoice for the Goods is issued unless otherwise agreed in writing. Accounts are to be conducted on a monthly basis. The month end closes on the last calendar day and a statement will be forwarded shortly afterwards.

4.2 For all other Customers, payment for Goods is due at the time of supply or dispatch.

5. DEFAULT IN PAYMENT

5.1 If the Customer does not pay any amount owing to SmartBar for the Goods and services in accordance with the terms of payment, SmartBar may charge interest on the amount owed at the rate of 12.5% per annum per month (prorated). The interest will be added to the amount owed by the Customer to SmartBar on the first day of each month while an amount remains overdue and unpaid.

5.2 When an account Customer of SmartBar does not make payment in accordance with these terms and conditions, then SmartBar may claim from the Customer all monies outstanding and payable to SmartBar at the time of that demand. Upon such claim, all monies owed shall become immediately due and payable.

5.3 If the Customer does not make a payment in accordance these terms and conditions, then SmartBar may claim from the Customer all amounts owed plus the costs of collection of monies due, including the fees of any mercantile agent or solicitor.

6. DELIVERY AND SUPPLY

6.1 No notification of anticipated time for delivery or availability of Goods will be construed as a term of contract between SmartBar and the Customer. The Customer agrees that if SmartBar is not able to deliver Goods in accordance with estimated delivery dates, the Customer will not make, and will ensure its customers or any party associated with the Customer will not make, any claim against SmartBar in connection with or arising from the timing of delivery or the non-delivery of the Goods.

6.2 The bill of lading or carrier's receipts in respect of Goods will be regarded as evidence of delivery of the Goods.

6.3 The Customer must inspect the Goods immediately upon delivery. The Customer must, within 7 days of receipt of Goods, notify SmartBar in writing of any alleged claims for short or wrongful delivery or for any breach of these terms and conditions. If no such notice is given, SmartBar will be deemed to have fulfilled these terms and conditions.

6.4 While SmartBar will endeavour to deliver Goods within notified timeframes, it will not be liable to the Customer for any delays in delivery.

6.5 If SmartBar is unable to supply Goods because of strikes, lock-outs, acts of God, acts of war or any other event beyond the reasonable control of SmartBar, SmartBar will advise the Customer of the non-availability of any Goods as soon as reasonably practicable. Upon such advice being given by SmartBar to the Customer, the Customer may cancel the Order or select alternative Goods, however, the Customer will not be able to require SmartBar to supply the Goods originally ordered.

¹Parking Sensor Kit is Required for XLS, XLT, WildTrak and vehicles with OEM Front Parking Sensors.

²Winch Adaptive Cruise Kit is required for XLT & WildTrak with tech pack and vehicles with Adaptive Cruise control. The winch control box may be required to be fitted in the engine bay or in a location other than the SmartBar accessory bracket.

³Ladder rack available for XL only. The winch control box needs to be mounted to the spotlight bracket which can affect fitment of larger spotlights. The ladder rack must be supported with a beam from the roof racks, canopy or tray body and adds an additional 21.5kg to the fitted weight of the winch compatible bar.

⁴Required for retrofitting recovery winch to vehicles with exiting winch bar.

⁵Only suitable for standard parker/indicator lights supplied with bar. Will speed up and simplify light installation.

⁶Optional for all variants. XL requires fog light wiring loom.

⁷Only recommended for winch bars with standard size number plates.

¹SR5 models require Flare Kit.

²Please note that there has been a part supply change with the indicator/parker since the SA100/SA147 bar was released. Please check the light before placing orders for replacement parts to ensure you receive the correct replacement. The current indicator/parker light (BP50035/BP50042) has a chrome surround and an orange and white lens, whereas the previous version of the parker/indicator light (BP43891) has a milky white lens.

HIACE (03/05-04/19)

¹This bar is compatible with vehicles fitted with Parking Distance Control (Parking Sensors) only.

²Bar comes standard with a D100 siren mount and **does not** include mesh for the siren hole. **If sirens aren't being fitted, SA275MSK mesh kit is required.**

³All-in-1 Light Harness Kit is recommended. It aids in wiring the lights to the vehicle and simplifies the installation, reducing install time.

⁴Bar supplied with an inner aerial mount (SAAMB26), additional inner and outer aerial mounts can be purchased separately.

⁵Both SA275 and SA276 bars are supplied with a set of D100 siren mounts. If C3100 sirens are to be fitted, the SA275C3100K kit is required.

⁶Supplied as standard with bar.

REAR PROTECTION BAR CRAFTER (2017+)
